

Datchworth Parish Council Briefing Note

<p>What</p> <p>To re-design the previously proposed trail (exclusively in the Turkey Farm) to a wider remit, geographically spread throughout the parish and enhancing existing assets as well as purchasing new assets.</p>	<p>Date 09Aug23</p> <hr/> <p>Committee/ Working Group H&W</p>
<p>Why</p> <p>The original proposal was for 6 pre-formed plastic lecterns around the turkey farm. We felt we could enhance this by providing changeable content, a wider area, involve more of the residents, and make it more in keeping with a rural setting.</p>	
<p>How (including Time and Money)</p> <p>We already have a grant (in our account) for £3468, which would cover the following: New notice board at the village hall New lectern to replace current one in the orchard, now in a state of disrepair A new sign to the Turkey Farm (as requested by the Bowls Club) Materials for repair work to current noticeboards at the church and green.</p> <p>We will ask for volunteers to repair the current noticeboards at the church and green.</p> <p>Please see the document entitled 'H&W Turkey Farm Trail Proposal Aug23' for full details.</p>	
<p>When</p> <p>At August's EPCM, I will request the following resolution: That the proposed plan for the extended trail is approved, including expenditure up to the value of £3468. The material will then be bought and the work undertaken during Aug/Sep/Oct 23.</p>
